September 23 — November 5, 2020
Online Viewing Room and By Appointment

Jackson Fine Art's sixth annual **Private Collection Salon and Sale** is opening this Fall on September 23rd. It will include a well-curated selection of 20th century and contemporary photographs hand-picked from private collections throughout the country. On view in the physical gallery space as well as in a virtual gallery space will be iconic classics from **Ansel Adams**, **Henri Cartier-Bresson** and **Horst P. Horst**, as well as works by celebrated photographers of today such as **Vik Muniz**, **Julie Blackmon** and **Gregory Crewdson**. This yearly event, with material that rivals a Christie's or Sotheby's auction house sale, is a highlight for the gallery and has gained a strong following of collectors all over the world.

Curator **Malia Schramm** has been with the gallery since 1999 and specializes in secondary market consignments and sales. She currently lives and works in Florida, but a select number of in-person gallery appointments with Schramm will be available Wednesday, September 23 — Saturday, September 26. Do not miss this opportunity to walk through the exhibition with its curator. To book an appointment,
